DEDICATION

This work is dedicated to God and my family for their unwavering support and encouragement throughout my academic journey.

ACKNOWLEDGMENTS

First and foremost, I want to thank God Almighty for the strength, guidance, and inspiration I needed to get this project done.

I am especially grateful for my supervisor, Nnaemeka Nwanbam Esq., whose constant guidance and constructive feedback were a huge help. His support really made this project a success.

My appreciation also goes to the Dean of the Faculty, Prof. Eseni Azu Udu, who was a great source of knowledge and encouragement throughout my academic journey.

And of course, a huge thank you to my parents, Mr. and Mrs. Sunday and Ngozi Ibeh. Their support, encouragement, and prayers made all the difference. I truly would not have been able to do this without them.

I cannot forget Barr. Mrs. Vanessa Agwuncha (Boss lady Law) who played the role of a mentor to me throughout this journey. Her support and guidance helped shape me through my journey and I'm truly grateful.

I also want to give a special shout-out to my good friend, senior, and mentor, Emmanuel Okibe, for his constant support and mentorship. His advice and encouragement were truly invaluable.

Finally, to my siblings, friends, and all my loved ones, thank you for your constant encouragement. Your support means more than I can say.
